2012 DOG LICENSE RENEWAL

Dogs must be licensed annually during the month of January. All Dogs – seven months of age or older – are required by New Jersey law to be licensed and vaccinated for rabies. There is also a limit on the number of dogs and cats that are permitted in a residence. Any residence may contain only a total of six dogs or cats altogether, except that a litter or portion there-of may be kept for a period of five months without a permit issued by the board of health annually.
