Subject: [External Email]:

Your Safe Streets and Roads for All (SS4A) Program Grant - Edgewater Park

Dear Tom,

My name is Shaun O'Hanlan from the NJ Division Office of the **Federal Highway Administration (FHWA)** which is supporting the **Office of the Secretary of Transportation** in administering the **Safe Streets and Roads for All (SS4A)** Grant Program.

Congratulations on being selected as a grant recipient for a Planning and Demonstration Grant. I will be your primary point of contact at the U.S. Department of Transportation.

Before you may begin work on your grant, the U.S. Department of Transportation (USDOT) first must enter into a formal Grant Agreement with your jurisdiction detailing the terms of your SS4A grant. It is important for you to know that any expenditures incurred before the Grant Agreement is signed by both your jurisdiction and USDOT will not be reimbursed or count toward the 20% match or cost share requirement.

In the weeks ahead, FHWA will hold a webinar to share information with you about the process we will follow for development and approval of the Grant Agreement. The webinar will be recorded and made available to all grant recipients.

Also, I will contact you to schedule a kick-off meeting. In the meantime, if you have any questions, please contact me.

Thank you for your commitment to roadway safety and USDOT's zero deaths vision.

Sincerely,

Shaun O'Hanlan
Discretionary Grants Manager
FHWA – NJ Division
