INDEPENDENT AUDITORS' REPORT

INDEPENDENT AUDITORS' REPORT

To the Honorable Mayor and Members
of the Township Council
Township of Edgewater Park
County of Burlington
Edgewater Park, New Jersey 08010

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements – regulatory basis of the various funds and account group of the Township of Edgewater Park, County of Burlington, State of New Jersey (the “Township”), as of and for the year ended December 31, 2021, and the related notes to financial statements, which collectively comprise the Township’s basic financial statements, as listed in the table of contents.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective regulatory basis financial position of the Township as of December 31, 2021, and the regulatory basis revenues, expenditures, and changes in financial position for the year then ended, in accordance with the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note A to the financial statements.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Township as of December 31, 2021, or the changes in financial position for the year then ended.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”), the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Township, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note A to the financial statements, the financial statements are prepared by the Township on the basis of the financial reporting provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of the State of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note A and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the provisions of the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS as well as the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, *Government Auditing Standards* and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, we:

- exercise professional judgement and maintain professional skepticism throughout the audit,
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements,
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, no such opinion is expressed,

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, and
- conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Township's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain control-related matters that we identified during the audit.

Report on Summarized Comparative Information

We have previously audited the Township's 2020 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 30, 2021, in accordance with the financial reporting provisions described in Note A. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2020, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that comprise the Township's basic financial statements. The supplemental schedules, as listed in the table of contents, as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to, the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplemental schedules, as listed in the table of contents, are fairly stated, in all material respects, in relation to the basic financial statements as a whole, on the basis of accounting described in Note A.

Other Information

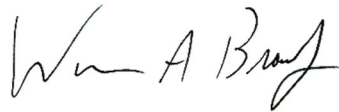

Management is responsible for the other information included in the financial statements. The other information comprises the supplementary information, as listed in the table of contents, but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

INDEPENDENT AUDITORS' REPORT (CONTINUED)

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 31, 2022, on our consideration of the Township's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

**TOWNSHIP OF EDGEWATER PARK
COUNTY OF BURLINGTON, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The financial statements of the Township of Edgewater Park, County of Burlington, New Jersey (the "Township"), include every board, body, office or commission supported and maintained wholly or in part by funds appropriated by the Township as required by N.J.S.A.40A:5-5. The financial statements of the Township do not include the operations of the Board of Education, first aid organization, or volunteer fire companies that are subject to separate audits.

Descriptions of Funds

The accounting policies of the Township conform to the accounting principles applicable to municipalities, which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division"). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township accounts for its financial transactions through the following separate funds:

Current Fund – resources and expenditures for government operations of a general nature, including Federal and State Grant funds.

Trust Funds – the various Trust Funds account for receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund – accounts for receipt and disbursement of funds for the acquisition of capital facilities, other than those acquired in the Current Fund.

Basis of Accounting

Revenues – are recorded as received in cash except for certain amounts, which may be due from the State of New Jersey or the federal government as grants. The amounts recorded as property taxes receivable and consumer accounts receivable have not been included in revenue. Amounts that are due to the municipality which are susceptible of accrual are recorded as receivables with offsetting reserves.

Expenditures – are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, are reported as a liability in the financial statements and constitute part of the Township's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31 of each year and recorded as liabilities, except for amounts which may be canceled by the governing body.

**TOWNSHIP OF EDGEWATER PARK
COUNTY OF BURLINGTON, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basis of Accounting (Continued)

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis.

Pension and Other Post-Employment Benefits ("OPEB") expenditures are recorded on a cash basis as billed by the State of New Jersey. Thus, net pension liability, OPEB liability and related deferred inflows and outflows are not recorded on the statement of assets, liabilities, reserves and fund balance.

Foreclosed Property – is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds – receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves.

Inventories of Supplies – the costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various statements of assets, liabilities, reserves and fund balance.

General Fixed Assets – property and equipment purchased by the Current and General Capital Funds are recorded as expenditures at the time of purchase and are not capitalized. All interest costs are recorded as expenditures when paid.

Accounting for Governmental Fixed Assets, as promulgated by N.J.A.C. 5:30-5 as issued by the Division, differs in certain respects from generally accepted accounting principles. The following is a brief description of the provisions of the Directive:

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks, and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land, which is valued at estimated market value. No depreciation on general fixed assets is recorded in the financial statements.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation. Fixed assets acquired through grants-in-aid or contributed capital have not been accounted for separately.

NOTES TO FINANCIAL STATEMENTS

A. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Departures from Accounting Principles Generally Accepted in the United States of America (“GAAP”) – The accounting principles and practices followed by the Township differ in some respects, which in some instances may be material from GAAP applicable to local government units.

The more significant differences are as follows:

- Taxes and other receivables are fully reserved.
- Interfund receivables in the Current Fund are fully reserved and recognized as revenue in the year of liquidation.
- Unexpended and uncommitted appropriations are reflected as expenditures.
- Over-expended appropriations and emergency appropriations are deferred to the succeeding year's operations.
- No provision is made for accumulated vested vacation and sick leave.
- Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.
- Depreciation expense is not calculated on fixed assets.

Budgets – the Township is required by state law to adopt an annual budget for the Current Fund. Each budget is presented in accordance with accounting principles prescribed by the Division.

The following steps are taken in establishing the budgetary data reflected in the financial statements:

1. Not later than February 10 of the budget year the Township introduces a budget, which includes proposed expenditures and financing methods.
2. A public hearing is held not less than twenty-eight days after introduction and budget approval; after a public hearing the budget may be adopted by the governing body.

Once a budget is approved it may be amended after November 1 by a resolution adopted by the governing body.

Of the bank balance, \$250,000.00 was fully insured by the Federal Deposit Insurance Corporation and \$9,900,330.39 was secured by a collateral pool held by the bank, but not in the Township’s name, as required by New Jersey’s Governmental Unit Deposit Protection Act (“GUDPA”). The GUDPA is more fully described in Note C of these financial statements.

Investment Interest Rate Risk – The Township has no formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investment held at December 31, 2021, are provided in the above schedule.

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America;
- Government money market mutual funds;

NOTES TO FINANCIAL STATEMENTS

B. CASH, CASH EQUIVALENTS AND INVESTMENTS (CONTINUED)

- Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, approved by the Division of Investment in the Department of Treasury for investment by the Township;
- Local governments' investment pools;
- Deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281; or
- Agreements for the repurchase of fully collateralized securities with certain limitations.

Concentration of Investment Credit Risk – The Township places no limit on the amount it may invest in any one issuer.

C. GOVERNMENTAL UNIT DEPOSIT PROTECTION ACT (“GUDPA”)

The Township has deposited cash in 2021 with an approved public fund depository qualified under the provisions of GUDPA. In addition to savings and checking accounts the Township invests monies in certificates of deposits.

New Jersey municipal units are required by N.J.S.A. 40A:5-14 to deposit public funds in a bank or trust company having its place of business in the State of New Jersey and organized under the laws of the United States or of the State of New Jersey or in the New Jersey Cash Management Fund. N.J.S.A. 40A:5-15.1 provides a list of investments which may be purchased by New Jersey municipal units. In addition, other state statutes permit investments in obligations issued by local authorities and other state agencies.

N.J.S.A. 17:9-41 et seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with GUDPA, a multiple financial institutional collateral pool, which was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. Public depositories include state or federally chartered banks, savings banks or associations located in or having a branch office in the State of New Jersey, the deposits of which are federally insured.

The market value of the collateral must equal five percent of the average daily balance of public funds; and, if the public funds deposited exceed seventy-five percent of the capital funds of the depository, the depository must provide collateral having a market value equal to one hundred percent of the amount exceeding seventy-five percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

COUNTY OF BURLINGTON, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

D. DEBT

The Local Bond Law governs the issuance of bonds and notes to finance general municipal capital expenditures. Bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Township are general obligation bonds, backed by the full faith and credit of the Township. Bond anticipation notes are issued to temporarily finance capital projects prior to the issuance of serial bonds. The term of the notes cannot exceed one year but the notes may be renewed from time to time for a period not exceeding one year. All such notes must be paid no later than the tenth anniversary of the date of the original note. The State of New Jersey also prescribes that on or before the third anniversary date of the original note a payment of at least equal to the first legally payable installment of the bonds in anticipation of which such notes were issued be paid. A second legal installment must be paid if the notes are to be renewed beyond the fourth anniversary date of the original issuance and so on. Tax anticipation notes are issued if the cash on hand is not sufficient to carry on normal operations of the municipality at any time during the year. Such notes are authorized by a resolution adopted by the governing body.

Borrowing Power

New Jersey statutes limit the debt of a municipality to 3.5% of the average of the last three preceding years' equalized valuations of the taxable real estate and improvements. The Township's equalized valuation and statutory net debt at December 31, 2021, was \$589,584,404.33 and \$8,743,936.30, respectively. The Township's net debt percentage was 1.483% and remaining borrowing power is \$11,891,517.85. The summary of municipal debt for the last three years and the calculation of statutory net debt are presented in the Supplementary Information section of this report.

Bond Anticipation Notes

At December 31, 2021, the Township had bond anticipation notes of \$2,490,000 that were issued on December 21, 2021 and mature on July 20, 2022. The notes issued renewed \$1,425,000 of prior year bond anticipation notes and issued \$1,065,000 of new notes.

Pooled Loan Revenue Bonds – Series 2013A

In December of 2003, the Township entered into a lease and agreement with the Burlington County Bridge Commission ("Commission"). This agreement provides the Township funding to finance capital projects and capital equipment through the issuance of County-Guaranteed Pooled Loan Revenue Bonds (2003 Governmental Leasing Program). On February 28, 2013, the 2003 pooled loan revenue bonds were refinanced under Series 2013A. The following is a schedule of annual payments to the Commission for principal and interest:

	<u>\$ 5,136.45</u>

Rental payments under operating leases for the year 2021 were \$5,603.40.

F. COMPENSATED ABSENCES

Full-time employees are entitled to sick leave and vacation days each year in accordance with the current union contracts. Unused sick leave and vacation days may be accumulated and carried forward to the subsequent year.

The Township compensates employees for all unused vacation days upon termination or retirement. The current policy also provides for the payment of seventy-five percent of unused sick leave accumulated at the rate of pay upon termination or retirement.

The Township does not record accrued expenses related to compensated absences. However, it is estimated that, at December 31, 2021, accrued benefits for compensated absences are valued at \$458,816.

**TOWNSHIP OF EDGEWATER PARK
COUNTY OF BURLINGTON, STATE OF NEW JERSEY**

NOTES TO FINANCIAL STATEMENTS

G. DEFERRED COMPENSATION SALARY ACCOUNT

The Township offers its employees a Deferred Compensation Program in accordance with Internal Revenue Code Section 457, which has been approved by the Director of the Division. The program is offered by the Township through two program administrators, PEBSO & Equitable. The programs, available to all full-time employees at their option, permit employees to defer a portion of their salary to future years. The deferred compensation is not available to participants until termination, retirement, death or unforeseeable emergency.

All amounts of compensation deferred under the plan and all income attributed to those amounts are the exclusive property of the Township of Edgewater Park, subject to the claims of the general creditors of the Township. Participants' rights under the plan are equal to those of a general creditor of the Township in an amount equal to the fair market value of the deferred account for each participant. It is unlikely that the Township would use plan assets to satisfy claims of the general creditors in the future.

Certain provisions of the Job Protection Act of 1997 affect the plan. Commencing on January 1, 1999, amounts deferred under Section 457 plans must be held in trust for the exclusive benefit of participating employees and not be accessible by the Township or its creditors. On September 3, 1997, the State of New Jersey implemented new regulations that require all new plans to be in compliance with the provisions of the Act. Since the Township's plan was adopted before August 20, 1996, the date the Act was signed into law, the Township had until January 1, 1999, to amend the plan or adopt a new one that complies with the Act and State regulations.

The Township assumes no liability for losses under the plan but does have the duty of due care that would be required of an ordinary prudent investor.

H. PENSION PLANS

A substantial number of the Township's employees participate in the following defined benefit pension plans: the Public Employees' Retirement System ("PERS") and the Police and Firemen's Retirement System ("PFRS"), which are administered and/or regulated by the New Jersey Division of Pensions and Benefits (the "Division"). Both plans have a board of trustees that is primarily responsible for its administration. The Division issues publicly available financial reports for each plan that includes financial statements and required supplementary information. Those reports may be obtained at <https://www.state.nj.us/treasury/pensions/annual-reports.shtml> or by writing to:

H. PENSION PLANS (CONTINUED)

For PFRS, vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement as well as death and disability benefits. All benefits vest after ten years of service, except for disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010.
2	Members who were eligible to enroll on or after May 22, 2010, and prior to June 28, 2011.
3	Members who were eligible to enroll on or after June 28, 2011.

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation of each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tiers 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years but not to exceed 30 years. Members may elect deferred retirement benefits after achieving 10 years of service, in which case benefits would begin at age 55 equal to 2% of final compensation for each year of service.

For DCRP, eligible members are provided with a defined contribution retirement plan intended to qualify for favorable federal income tax treatment under IRC Section 401(a), a noncontributory group life insurance plan and a noncontributory group disability benefit plan. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employee contributions shall immediately become and shall at all times remain fully vested and non-forfeitable. A participant's interest in that portion of his or her defined contribution retirement plan account attributable to employer contributions shall be vested and non-forfeitable on the date the participant commences the second year of employment or upon his or her attainment of age 65, while employed by an employer, whichever occurs first.

PERS

The contribution policy for PERS is set by N.J.S.A. 43:15A and requires contributions by active members and contributing employers. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in state fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets.

PFRS

A special funding situation exists for the local employers of the Police and Fire Retirement System of New Jersey. The State of New Jersey, as a nonemployer, is required to pay the additional costs incurred by local employers under Chapter 8, P.L. 2000; Chapter 318, P.L. 2001; Chapter 86, P.L. 2001; Chapter 511, P.L. 1991; Chapter 109, P.L. 1979; Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The June 30, 2020, state special funding situation net pension liability amount of \$2,005,329,818.00, is the accumulated difference between the annual actuarially determined state obligation under the special funding situation and the actual state contribution through the valuation date. The state special funding situation pension expense of \$227,263,993.00 for the fiscal year ended June 30, 2020, is the actuarially determined contribution amount that the state owes for the fiscal year ended June 30, 2020. The pension expense is deemed to be a state administrative expense due to the special funding situation.

The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing employers. The local employers' contribution amounts are based on an actuarially determined rate, which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in state fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012, and will be adjusted by the rate of return on the actuarial value of assets.

Special Funding Situation

Under N.J.S.A. 43:16A-15, local participating employers are responsible for their own contributions based on actuarially determined amounts, except where legislation was passed that legally obligated the state if certain circumstances occurred. The legislation, which legally obligates the state, is as follows: Chapter 8, P.L. 2000; Chapter 318, P.L. 2001; Chapter 86, P.L. 2001; Chapter 511, P.L. 1991; Chapter 109, P.L. 1979; Chapter 247, P.L. 1993; and Chapter 201, P.L. 2001. The amounts contributed on behalf of the local participating employers under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the state is treated as a non-employer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan (except for employer-specific financed amounts), there is no net pension liability or deferred outflows or inflows to report in the financial statements of the local participating employers related to this legislation. The portion of the non-employer contributing entities' total proportionate share of the collective net pension liability that is associated with the Township is \$653,460.00 and the non-employer contributions were \$50,283.00.

DCRP

The contribution policy is set by N.J.S.A. 43:15C-3 and requires contributions by active members and contributing employers. In accordance with Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007, plan members are required to contribute 5.5% of their annual covered salary.

In addition to the employee contributions, the Township contributes 3% of the employees' base salary, for each pay period, to Prudential Financial not later than the fifth business day after the date on which the employee is paid for that pay period. For the plan year ended June 30, 2021, the Township's contributions were \$0.00. There were no forfeitures during the year.

The Township is billed annually for its normal contribution plus any accrued liability. Contribution to PERS from the Township was \$120,609.00 for the year ended December 31, 2021. Contribution to PFRS from the Township was \$364,043.00 for the year ended December 31, 2020.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At plan year ended June 30, 2021, the Township had a liability of \$1,220,028.00 for its proportionate share of the net pension liability in PERS and at plan year ended June 30, 2020, the Township had a liability of \$4,210,561.00 for its proportionate share of the net pension liability in PFRS. The PERS net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The PFRS net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The Township's proportion of the net pension liability was based on a projection of the Township's long-term share of contributions to the pension plan relative to the projected contributions of all participating members of the plan, actuarial determined. At plan year ended June 30, 2021, the Township's PERS proportion was 0.0102986362%, which was an increase of 0.0008 from its proportion measured as of plan year ended June 30, 2020. At plan year ended June 30, 2020, the Township's PFRS proportion was 0.0325861527% which was an increase of 0.0029 from its proportion measured as of plan year ended June 30, 2019. The Township's PERS pension expenditure for the plan year ended June 30, 2021, was a net credit of \$81,025.00. The Township's PFRS pension expenditure for the plan year ended June 30, 2020, was \$510,556.00.

At December 31, 2021, the Township had deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

The previous amounts do not include Township-specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by the Township over the average of the expected remaining service lives of all plan members, which is 5.13, 5.16, 5.21, 5.63, 5.48, and 5.57 for the years 2021, 2020, 2019, 2018, 2017, and 2016, respectively.

Actuarial Assumptions

The total PERS pension liability in the plan year ended June 30, 2021, and the total PFRS pension liability for the plan year ended June 30, 2020, actuarial valuations were determined using the following actuarial assumptions, applied to all periods included in the measurement:

For PERS, pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non-Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Actuarial Assumptions (Continued)

The actuarial assumptions used in the July 1, 2020, valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

For PFRS, pre-retirement mortality rates were based on the Pub-2010 Safety Employee mortality table with a 105.6% adjustment for males and 102.5% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 Safety Retiree Below-Median Income Weighted mortality table with a 96.7% adjustment for males and 96.0% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. For beneficiaries (contingent annuitants), the Pub-2010 General Retiree Below-Median Income Weighted mortality table was used, unadjusted, and with future improvement from the base year of 2010 on a generational basis. Disability rates were based on the Pub-2010 Safety Disabled Retiree mortality table with a 152.0% adjustment for males and 109.3% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement is based on Scale MP-2020.

The actuarial assumptions used in the July 1, 2019, valuation were based on the results of an actuarial experience study for the period July 1, 2013 to June 30, 2018.

In accordance with state statute, the long-term expected rate of return on plan investments (7.00% at plan year ended June 30, 2021 for PERS and 2020 for PFRS) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pension and Benefits, the board of trustees, and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's and PFRS's target asset allocation, are summarized in the following table:

Asset Class	Target Allocation	PERS - 2021	PFRS - 2020
		Long-Term Expected Real Rate of Return	Long-Term Expected Real Rate of Return

Discount Rate

For PERS, the discount rate used to measure the total pension liability was 7.00% as of June 30, 2021. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that employers and the non-employer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

For PFRS, the discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the non-employer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the Township's proportionate share of the collective net pension liability of the participating employers, calculated using the discount rate as disclosed above as well as what the Township's proportionate share of the collective net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

I. ASSESSMENTS AND COLLECTION OF PROPERTY TAXES

New Jersey statutes require that taxable valuation of real property be prepared by the Township Tax Assessor as of October 1 in each year and filed with the County Board of Taxation (the “Board”) by January 10 of the following year. Upon the filing of certified adopted budgets by the Township, Regional School District, and County, the tax rate is struck by the Board based on the certified amounts in each of the taxing districts for collection to fund the budgets. Pursuant to statute, this process is to be completed on or before May 3 with a completed duplicate of the tax rolls to be delivered to the Township Tax Collector (the “Collector”) on or before May 13.

Tax bills are prepared then mailed by the Collector of the Township annually and set forth the final tax for the tax year. The bill contains a credit for preliminary amounts billed previously with the balance payable in equal installments on August 1 and November 1 of the tax year. In addition, the property owner receives a preliminary bill for the succeeding year based on one-half of the prior year’s tax. The preliminary payments are due and payable on February 1 and May 1. The New Jersey statutes allow a grace period of ten days for each payment period and the Township granted this option to taxpayers. Taxes become delinquent if not paid on the installment dates and become subject to interest penalties of eight percent or eighteen percent of the amount delinquent. If taxes are delinquent on or after April 1 of the succeeding year, the delinquent amount is subject to “Tax Sale” which places a tax lien on the property allowing the holder to enforce the tax lien by collection or foreclosure. New Jersey property tax laws establish a tax lien on real estate as of January 1 of the current tax year even though the amount due is not known.

J. POST-EMPLOYMENT BENEFITS OTHER THEN PENSIONS

The GASB Statement No. 75 report of the State Health Benefits Local Government Retired Employees Plan (the “SHBP” or “OPEB Plan”) for the period ended June 30, 2021, was not available as of the date of this report. Per Local Finance Notice 2022-12, issued by the Division of Local Government Services, calendar year municipalities are able to include in their annual audits the most recent audited GASB 75 information published by the Division of Pensions and Benefits. Thus, the Township included in the note below their December 31, 2020, disclosures based on the period ended June 30, 2020, audited SHBP information.

General Information About the OPEB Plan

The Township participates in a cost sharing multiple-employer defined post-retirement benefit plan, which is administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52: 14-17.25 et seq., to provide health care benefits to employees, retirees and their dependents. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents.

The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

General Information About the OPEB Plan (Continued)

The SHBP was extended to employees, retirees and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. In 1990, The Township authorized participation in the SHBP's post-retirement benefit program through resolution number 165-2002 on October 23, 2002. The Township adopted the provisions of Chapter 88, Public Laws of 1974 as amended by Chapter 436, P.L. 1981 to permit local public employers to pay the premium charges for certain eligible pensioners and their dependents and to pay Medicare charges for such retirees and their spouses covered by the New Jersey Health Benefits Program. In 2011, Township employees began making health benefit contributions of 1.5% of their base salaries towards the health benefit costs. The total number of plan participants eligible for benefits was 47 with 19 retirees at December 31, 2020.

The SHBP provides medical and prescription drug coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L 1974 and Chapter 48, P.L. 1999, local government employers electing to provide post-retirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer-paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of post-retirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer-paid obligations for retiree coverage may be determined by means of a collective negotiation agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide post-retirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L.1989.

Pursuant to Chapter 78, P.L, 2011, future retirees eligible for post-retirement medical coverage who have less than 20 years of creditable service on June 28, 2011, will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

J. POST-EMPLOYMENT BENEFITS OTHER THEN PENSIONS (CONTINUED)

Funding Policy

Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. Post-retirement medical benefits under the plan have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis. Contributions to pay for the health premiums of participating retirees in the SHBP are billed to the Township on a monthly basis. As a participating employer the Township will pay and remit to contributions to the State treasury contributions to cover the full cost of premiums for eligible pensioners on a basis comparable to the reimbursement made by the State to its eligible pensioners and their spouses in accordance with provisions of Chapter 75, Public Law of 1972.

The Township's contribution to the Plan for the year ended December 31, 2020, was \$32,424, which equaled the required contribution for the year.

Allocation Methodology

GASB Statement No. 75 requires participating employers in the Plan to recognize their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective OPEB expense. The special funding situation's and nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are based on separately calculated total OPEB liabilities. The nonspecial funding situation's net OPEB liability, deferred outflows of resources, deferred inflows of resources, and OPEB expense are further allocated to employers based on the ratio of the plan members of an individual employer to the total members of the Plan's nonspecial funding situation during the measurement period July 1, 2019 through June 30, 2020.

Special Funding Situation

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, these employers are considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a non-employer contributing entity. Since the local participating employers do not contribute under this legislation directly to the plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the notes to the financial statements of the local participating employers must disclose the portion of the non-employer contributing entities' total proportionate share of the collective net OPEB liability that is associated with the local participating employer. The Township's unaudited portion of the non-employer contributing entities' total proportionate share of the collective net OPEB liability as of December 31, 2020, is 0.082325% or \$4,496,841.00. The Township's unaudited portion of the non-employer OPEB expense was a credit of \$223,854.00.

Net OPEB Liability	<u>\$ 3,272,385</u>
 Plan Fiduciary Net Position as a percentage of total OPEB liability	 0.91%

The total OPEB liability as of June 30, 2020, was determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. The actuarial assumptions vary for each plan member depending on the pension plan the member is enrolled in. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement:

Inflation rate	2.50%
Salary increases*:	
Public Employees' Retirement System (PERS)	
Initial Fiscal Year Applied	
Rate Through 2026	2.00 - 6.00%
Rate Thereafter	3.00 - 7.00%
Police and Firemen's Retirement System (PFRS)	
Rate for all Future Years	3.25 - 15.25%
Mortality:	
PERS	Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020
PFRS	Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020

*Salary increases are based on years of service within the respective plan.

Actuarial assumptions used in the July 1, 2019, valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018, and July 1, 2014 to June 30, 2018, respectively. One hundred percent of active members are considered to participate in the Plan upon retirement.

J. POST-EMPLOYMENT BENEFITS OTHER THEN PENSIONS (CONTINUED)

Health Care Trend Assumptions

For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medical Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.5% and decreases to a 4.5% long-term trend rate after seven years.

Discount Rate

The discount rate for June 30, 2020, was 2.21%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer GO 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate

The following presents the collective net OPEB liability of the participating employers as of June 30, 2020, calculated using the discount rate as disclosed above as well as what the collective net OPEB liability would be if it was calculated using a discount rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

At 1% Decrease (6.00%)	At Current Discount Rate (7.00%)	At 1% Increase (8.00%)
\$ 3,868,651	\$ 3,272,385	\$ 2,800,387

Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rate:

The following presents the net OPEB liability as of June 30, 2020, calculated using the healthcare trend rate as disclosed above as well as what the net OPEB liability would be if it was calculated using a healthcare trend rate that is 1-percentage point lower or 1-percentage point higher than the current rate:

At 1% Decrease	At Current Healthcare Cost Trend Rate	At 1% Increase

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Mayor and Members
of the Township Council
Township of Edgewater Park
County of Burlington
Edgewater Park, New Jersey 08010

We have audited, in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, and requirements of audit prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements of the Township of Edgewater Park (the "Township"), as of and for the year ended December 31, 2021, and the related notes to financial statements, which comprise the Township's basic financial statements, and have issued our report thereon dated August 31, 2022, in which we expressed an adverse opinion on the conformity of the financial statements with accounting principles generally accepted in the United States of America due to differences between those principles and accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purposes of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Township's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given those limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

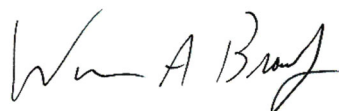

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (CONTINUED)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Township's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Township's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Township's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

To the Honorable Mayor and
Members of the Township Committee
Township of Edgewater Park
Edgewater Park, New Jersey 08010

We have audited the financial statements and transactions of the Township of Edgewater Park in the County of Burlington for the year ended December 31, 2021. In accordance with requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the following are the *General Comments* and *Recommendations* for the year then ended.

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised by (N.J.S.A. 40A:11-4)

N.J.S.A. 40A:11-4 - Every contract or agreement, for the performance of any work or furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate of \$17,500 except by contract or agreement. The base bid and quote thresholds are used because the Township does not have a Qualified Purchasing Agent.

It is pointed out that the governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the statutory minimum within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the solicitor's opinion should be sought before a commitment is made.

The minutes indicate that resolutions were adopted authorizing the awarding of contracts or agreements for "Professional Services," per N.J.S.A. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Contracts and Agreements Requiring Solicitation of Quotations

The examination of expenditures did not reveal any individual payments, contracts or agreements in excess of \$2,625 "for the performance of any work or the furnishing or hiring of any materials or supplies", other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provision of N.J.S.A. 40A:11-6.1.

Collection of Interest on Delinquent Taxes

The statute provides the method for authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 5, 2021, adopted the following resolution authorizing interest to be charged on delinquent taxes:

“BE IT RESOLVED by the Township Committee of the Township of Edgewater Park, County of Burlington, State of New Jersey, the rate of interest charged on delinquent taxes or assessments on any installment made ten (10) days after the date upon which the same became payable, shall not exceed eight (8) percent per annum of the first One Thousand Five Hundred Dollars (\$1,500.00) of the delinquency, and eighteen (18) percent per annum on any amount in excess of One Thousand Five Hundred Dollars (\$1,500.00).

BE IT FURTHER RESOLVED, that where interest on delinquent tax payments is one dollar (\$1.00) or less, payment and collection of said interest is hereby waived.”

It appears from an examination of the Collector's record that interest was collected in accordance with the foregoing resolution.

Delinquent Taxes and Tax Title Liens

The delinquent taxes at December 31, 2021, included 2020, 2019 and 2018 real estate taxes only.

The last tax sale was held on October 20, 2021, and was complete.

Examination of Bills

A test check of paid bills was made and each bill, upon proper approval, was considered as a separate and individual contract unless the records disclosed it to be a part payment or estimate.

Municipal Court

A separate report of the Municipal Court transactions was filed in accordance with the requirements of the Local Finance Board.

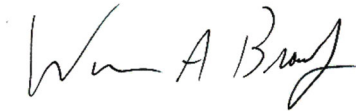

As part of the test of the Municipal Court records, no attempt was made to differentiate between fines due the Township, County, or State, or to pass upon the authenticity of the preparation and procedures for complaints issued.

Acknowledgment

We received the complete cooperation of all the Township Officials and employees and we greatly appreciate the courtesies extended to the members of the audit team.
